

Waiver Process

All rowers must sign a USRowing waiver prior to participation in the CPSRA and NEIRA championships. To start the process go here: <https://membership.usrowing.org/> and follow the directions below.

Membership/Waiver:

Athletes and parents will work on the 'Individuals' side of the portal.

If this will be your first USRowing membership, click 'Join' and follow the prompts and choose the "BASIC" membership level and then sign your waiver. *Note: The primary email you provide here will be used for password resets. Enter the email of the individual who will most likely be managing this account. USRowing can change this if necessary.

Rowers who already have accounts can click 'Members' and enter their member number and password. If you don't remember the password, click 'Set/Reset'.

You will be able to sign your waiver once you are logged in. *Remember to enter the club code when prompted, CCDHR, so you appear on coach's roster.
